

Welcome to Vernon Park Primary School.  
We are all looking forward to having you join us.

				
Mrs Edmundson Reception Teacher and Early Years Lead	Mrs Owens Reception Teacher	Miss Pelmear Teaching Assistant	Mrs Arthington Teaching Assistant	Miss Lee Higher Level Teaching Assistant

When you start school you will be wearing a very smart school uniform.

When you come into Reception you will have a peg with your name on, you can hang your coat, puddle suit and bag with spare clothing in here.

There will be a tray with your name on in the classroom. You will keep your book bag, jumper or cardigan and any pictures you do to take home in here. Your water bottle will go in the bottle tray.

The toilets are very close to our pegs. You can use the toilet whenever you need to, just make sure you tell a grown up so that we know where you are. Children in Reception wipe their own bottoms, sometimes you might get too busy playing and have an accident, this is ok, it happens to lots of children in Reception, the grown ups at school will help you get changed.

In Reception we have a pet rabbit named Angel!

We have carpet spaces, you will choose a spot to sit on. We sit here for the register, stories and some carpet time learning.

When it is choosing time you get to choose where you would like to go and what you would like to play with, would you like to start outside or inside?

# Indoors

You can write, draw and colour at the writing table.

You can snuggle up with a teddy to look at books in our book nook.

Will you play in the home corner? Do you like dressing up, looking after the babies or playing at cooking food?

## Indoors

Do you like playdough? Will you make models or pretend to make food?

You can visit our creative table to make junk models, pictures or art. You can use scissors, glue, stencils, and stamps.

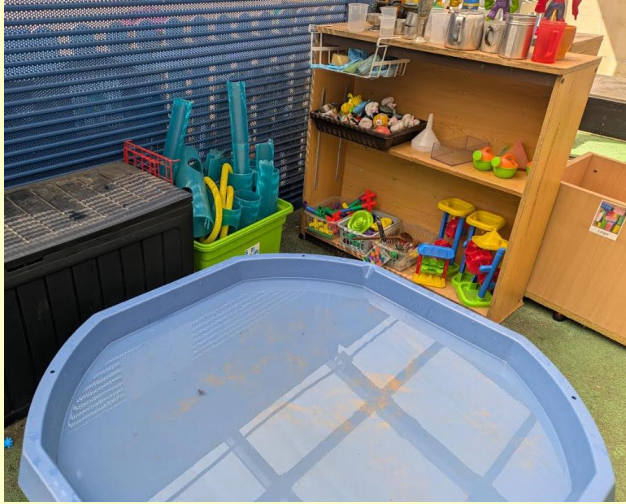

In our build a story area you can build with bricks and tell stories with people and animals, build train tracks or race cars.

Do you like to learn about the World around us? Keep watching our investigation spaces because they can change just when you think you know what is going to be there!

## Outside, under the shelter

We have a water tray.

Do you like to paint or play musical instruments?

What will you build with our large construction blocks?

We have car garages, animals and people to tell stories with.

We have a big dolls house with barbies.

## Outside, in the playground

You can climb into our sandpit.

This our mud kitchen and gardening space. We always need to help look after the plants in outdoor space.

Are you brave enough to go down the big slide?

We have lots of bikes and scooters, you'll need to wear a helmet to protect your head.
