

## Year 7 Secondary School Applications

Dear Year 6 Parent / Carers

The time is swiftly approaching for applications to be made for Secondary School places. The deadline is 31<sup>st</sup> October. These applications must be completed individually by the parent / carer online via the Stockport Council website.

While we are not able to offer advice on which Secondary School might be the most suitable for your child, we are pleased to be able to offer some support with the completion of the online application in school.

If you would like help to access the online application please speak to your child's Class Teacher at the end of the day or make an appointment for a suitable time for us to support you with the completion of your application during the school day.

Kind regards

Mrs Lee and the Vernon Park Team
